ABOUT US

RF Global exports and imports has its strong roots in trading, supplying, sourcing of fresh produce of fruits and vegetables, from a large network of farmers from whom we have direct connection and access to all our fresh produce of fruits and vegetables is from trusted hands who organically cultivate their crops, using advanced technology without any use of harmful pesticides and chemicals. We then have the fruits and vegetables packed in a quality and customized packaging material according to the specific requirements of our valuable customers, so that they remain fresh for a longer period of time. Furthermore, our produce can be procured at the market leading prices. We offer great value with our products and services using innovative ideas so that we can deliver it on time with speed and efficiency. All our operations are supported and handled by a team of professional and experienced hands, with a strong emphasis on customer satisfaction. We, at R F Global upgrade and update ourselves with the latest technology of international standards of software applications, so it can conduct its operations for the benefit and security of the customer.

As we at R F Global are strongly rooted in its ideology that says, "We do Business as usual, the unusual way". The Unusual way of doing business is by paying the Cost of "unusual Value "to our customers by delivering to them "Unusual Service" so that no customer is lost, at any cost.
